

Dear Sirs, As A resident of NJ I'am thankful for being on the do not call list. I'am a senior rasing 4 grandchildren and a very busy lady. We don't need any more calls then we already get. If you change the do not call list it will cause me needless steps, valuable time and energy that I just don't have any more for nonsense. The do not call list has just made my life so much better. Sincerely yours, Maureen Edwards
